one, is in Asotin county and is about 23 miles distant from Asotin, on Snake river, where the Grand Ronde river enters the former stream.

There is plenty of room for the building up of a splendid town at that point, and it is not unlikely that much activity will be the result and a good growth given the place as soon as property is known to be on the market. The new town will be pro-vided with an abundance of pure water, secured from Joseph creek, and conveyed to the place through an irrigating canal.

Will Bet on Turner.

Asotin Sentinel.

Surveyor Swain has been at work on the job for a couple of weeks or more, but it will require quite a little time yet to complete the work of platting. The Sentinel did not learn to bet \$1000 on the election of George Turner as gevernor. Mr. Balley's telegram is addressed to the Times and he declares he is willing to wager that sum of Turner.

There is no condition imposed by Mr. Builey other than that both can-didates live until election day. The presumption from this telegram is that he is looking for even money.

Mr. Bailey is one of the best known betters on election results in the state and his judgment on elections has been good in the past. His confi-dence in the election of Turner is significant.-Walla Walla Statesman.
